# Guidance headlines

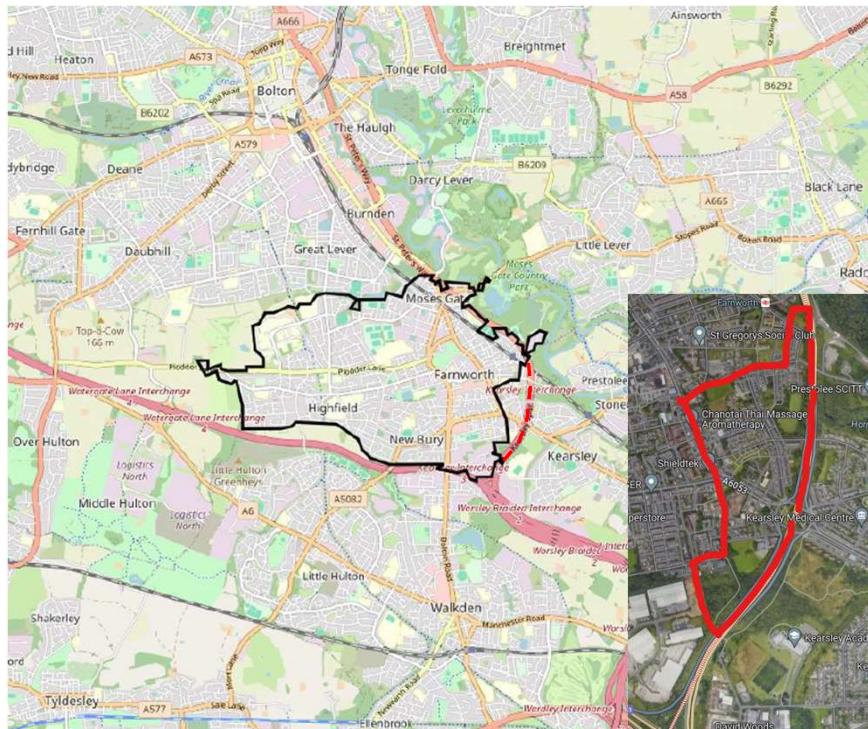

- October 23 DLUHC announced 55 towns benefit from £20m 'endowment style funding' over 10-year period
- Local Towns Boards must be established to develop a 10 year plan and vision for their town aligned to the themes of:
  - Security & Safety;
  - High Streets, Heritage & Place; and
  - Connectivity & Transport
- Bolton Council is the accountable body
- Should be genuinely 'community-led'
- LTPF should identify other funding and investment
- Document submission to DLUHC 1<sup>st</sup> August

# Study Area

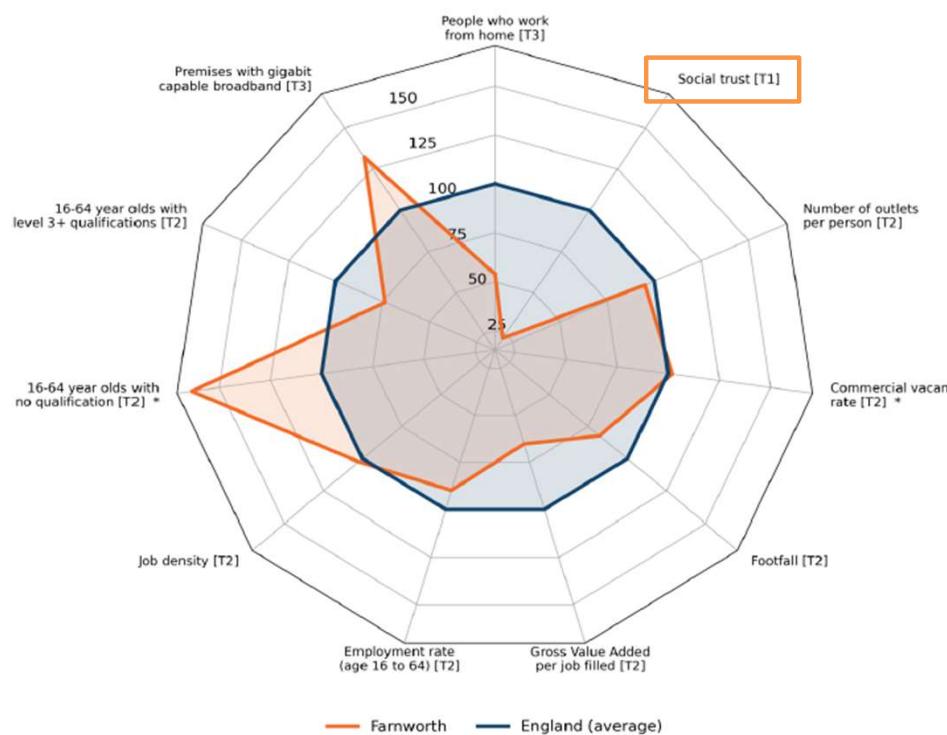

Based on the definition of Built Up Area (BUA, 2022) by ONS

Source: [ONS 2022](#)

If your Town Board would like to invest in projects outside of the boundaries that are set out in the pack, you will need to confirm this by 1 April at the latest, as part of a wider return to the department on the establishment of your Towns Board. The department will share an agreed template and further guidance for this submission, which will need to set out the amendments that you would like to make (including a map) and the rationale for the changes. You would need to provide confirmation that changes to the geography were agreed by the Towns Board and provide evidence for why these changes are needed to deliver local priorities. Ministers will then consider the case for change, in particular, how this aligns with the spirit of the programme, and confirm whether the changes are accepted.

# Vision shaping

- Guidance: A 250-word vision statement that articulates, at a high level, the vision for the future of the town and how success will be judged.
- By 2034, Farnworth is ...[e.g. a green place, a healthy place, a safe place, a friendly place, a desirable place....?]
- What makes Farnworth unique?
- Community led...a Farnworth stakeholder group could act a conduit for engagement with the local community
- Towns Board shaped...
- Communicated by social media/ non-digital methods?
- Identified projects will be aligned to the Vision

Masterplan vision:

*“Farnworth town centre will be a vibrant and attractive environment, encouraging healthy lifestyles, offering a diverse range of shopping, leisure and cultural activities. Maximising the benefits of its proximity to neighbouring towns and cities, it will be a place that people want to come to live, work and socialise.”*
